

Mount Rainier National Park Commercial Services Plan Optional Comment Form

Introduction: The following two documents are now available for public comments as part of the Mount Rainier National Park commercial services planning process:

1. The *Commercial Services Plan* provides information about park commercial services and presents alternatives for future management of these activities. The key summary tables for the Plan are Tables 2, 7, 12, and 17 (blue handout).
2. The *Commercially Guided Visitor Use and Other Services Environmental Assessment (EA)* reviews the environmental consequences of the proposed alternatives and contains other background information to support a comparison of the alternatives. The key summary tables for the EA are Table 1 (pink handout) and the impact comparison charts (white handout).

The purpose of the public review process is to request comments that will improve the plan and identify missing information. Comments will be evaluated at the conclusion of the public review period. Comments that identify key missing information or change the analysis of environmental impacts could lead to changes in the proposed alternatives.

You may use this optional comment form or submit your comments in writing via a letter or email to the superintendent. When completed, this form may be given to any planning team member or mailed to the park at the address listed on the bottom of page 2.

1. Do you support the preferred alternatives (please circle your answer)? Yes No

2. If your answer to question #1 is “no,” which combination of alternatives do you support and why?

Circle as appropriate:

Climbing	1	2	3	4
Guided Wilderness	1	2	3	4
Guided Alpine Wilderness	1	2	3	4
Additional Commercial Services	1	2		

Mailing address and additional questions are on page 2
